👤 PROFILE

I am a hardworking and innovative software developer with 3 years of experience in producing robust code, with top notch coding skills. I am a proficient Javascript developer. Some of the technologies i have worked with include Express, Nextjs, Reactjs, Nodejs, etc...

💼 PROFESSIONAL EXPERIENCE

Software Developer, *CargoLand(contract)*   Mar 2023 – present
                                                                                                    Lagos, Nigeria
- Developed scalable web-based user interfaces and components using Reactjs, Nodejs, and Javascript.
- Outlined high volume, high-scale web front ends for assets requiring responsive designs.
- Utilised Jira and Github to create and maintain 99.99% error free code.
- Ensured the quality of product through code reviews and high level of unit and functional test coverage.
- Handled database management system with SQL like mySQL, SQLite, Postgres and NoSQL databases like MongoDB.

Software Developer, *Decagon*   2022
                                                                                                    Lagos, Nigeria
- I was part of a team of 5 developers that developed an App where users trade their excessive or unwanted airtime for cash.
- Developed scalable web-based user interfaces and components using Reactjs, Nodejs and Javascript.
- Used NodeJS and Express framework to build server side logic, and applied with Middleware to handle http requests.
- Applied JWT middleware to backend for authentication and authorization
- Implemented Continuous Integration and Continuous Delivery using Github actions.
- Utilized Jira and GitHub to create and maintain 99.99% error-free code.
- Ensured the quality of product through code reviews and high level of unit and functional test coverage.
- Handled database management system with SQL like mySQL, Postgres, Redis and NoSQL databases like MongoDB.

Software Developer, *Ease Technologies*   Feb 2018 – Jan 2019
                                                                                                    Ikeja, Nigeria
- Created custom websites by harnessing HTML, CSS, JavaScript skills.
- Facilitated code reviews and pair programming to produce
- clean, high-quality code.
- Gathered data and prepared reports for the management.

🎓 EDUCATION

BSc/Computer Science, *Ahmadu Bello University Zaria*   Jan 2011 – Jan 2016
                                                                                                    Zaria, Kaduna

---

🧠 SKILLS

Redux | Tailwind | Git | CI/CD | Javascript | React | Next.js | Nodejs | REST API | Typescript | MySQL

MongoDB | Express Framework | Agile | HTML | CSS | POSTMAN | JIRA | Docker

📁 PROJECTS
